

Product Name: SafePass CLEAN AIR GEL

Size: 75g

Code : 630-001

Description:

- Kills 99% of airborne bacteria, mold, fungus, and spores.
- The water-based gel evaporates into the air and spreads throughout the entire indoor air space. As the product comes into contact with microbes, either in the air or on soft or hard surfaces, it causes the germ to die by stopping bacteria from reproducing and mold from receiving oxygen, eliminating their ability to grow and reproduce.
- The product works best and has the widest effect when used with a fan or an air conditioning system.
- The Clean Air gel uses identical actives as TGA listed Commercial Grade Disinfectant. The combination of both the gel and disinfectant provides an effective solution in working against pathogens including COVID-19.

Ingredients:

Proprietary essential oils, purified water, natural binding agents.

Contains no petroleum based ingredients.

Specifications:

Dimensions: 60 x 60mm

Shelf Life: 2 years (store at 66-86F)

Lifespan: 4-6 weeks (once opened)

Air Volume: Up to 1200 L/s; 50-100m²

Validations:

- Food safe certification
- Helps comply with ASNZ 3666.2 gel tested against COVID-19 (MHV-1)(see overleaf)
- Species used to prove broad spectrum efficacy:
- Micrococcus Luteus
- Staphylococcus Capitis
- Staphylococcus Hominis
- Escherichia Coli
- Staphylococcus Aureas
- Pseudomonas Aeruginosa
- Aspergillus Niger (Mold)
- Listeria Monocytogenes

Applications:

- Enclosed spaces such as homes, workplaces, cars, storage units
- Commercial buildings, large offices, hospitals, cool rooms, museums, schools, glasshouses
- Air conditioning systems and air handlers

Directions for Use:

- Remove cap, peel seal off and replace cap.
- Place in room or enclosed area. Ideally place where there is accelerated air flow by use of a fan, air handler or air conditioning unit
- Suggested locations are:
Bedside table, foyer, kids play area, bathroom, cupboard, areas with high concentration of people or animals

Features & Benefits:

- Easy to use; fast acting
- Improved air quality
- Anti-bacterial; anti-mould
- Cost effective
- Safe to breathe; safe to touch
- No harsh chemicals
- Pet friendly; plant friendly
- Non-allergenic
- Food safe certification
- 24/7 protection
- Long lasting
- Biodegradable & sustainable
- Independently validated
