

ADD A LAYER OF SAFETY TO YOUR WORK ENVIRONMENT TO HELP PREVENT THE SPREAD OF COVID-19.

Getting back to normal by restoring consumer confidence

SafePass IDS is ideal for any industry and size of business. Our product can help make the world a safer place by effectively safeguarding schools, gyms, corporate buildings, banks, hotels, factories and more.

Introducing SafePass Intelligent Disinfectant Station (IDS), a breakthrough purifying sanitation system that works as the first line of defense against harmful pathogens. SafePass IDS safely provides full body sanitation using food grade disinfectants, accurate facial recognition, and body temperature detection. Feel confident knowing that your workforce can have a fast and safe passage entering the work facility.

INNOVATIVE FEATURES INCLUDE:

- Food grade full body disinfectant
- Low dose UV light disinfectant
- Dynamic and accurate facial recognition system
- Automatic spray with ultrasonic atomization system
- Speed scan infrared thermometer
- Abnormal body temperature reading alert
- Integrated contactless hand sanitizing device
